NEEDS

Local governments often face this question: Is what a group of citizens or a city commissioner or council member propose a need or a want; that is, something the city must have as opposed to something that would be “nice to have”? After all, taxpayer money is limited and elected leaders must decide the most effective use of that money.

SEPAC News!
*Sustainability & Environmental
Planning Advisory Committee*

Ever drive by the City Hall sign and wonder "What is SEPAC?" SEPAC is a committee made up of a group of volunteers. We hold monthly public meetings to discuss various City projects and sustainability plans. The Committee undertakes beautification projects in the City, examines environmental issues, and advises the City Commission on issues of note. We work closely with Public Works and other City employees, the Commission, the Board of Planning and Zoning, area nurseries, landscape designers, gardening associations, and environmentalists.

American Flag Rescue Program

The American Flag Rescue (AFR) program was initiated in 2019 after St. Johns County Solid Waste Management staff observed worn and damaged American flags in drop-off garbage containers at the Tillman Ridge facility. Although some flag collection containers already were in place in several stores that sell American flags, more collection points were clearly needed. The initial shipment of new flag collection boxes was funded by local radio personality Kevin Geddings. These units were placed in St. Johns County libraries. Of the nearly 1,000 flags collected in 2020, about 10% were reusable and these are available to the public. Damaged flags are retired according to established protocols by local Scout troops and veteran's organizations. An American Flag booklet provided by Supervisor of Elections Vicky Oakes is also available. For information about flag collection/retirement or site participation, contact Chris Benjamin at (904) 827-6980 or cbenjamin@sjcfl.us. Flags can be dropped off at City of St. Augustine Beach City Hall.
