

# Sea Oats Planting

## City of St. Augustine Beach Public Notice

### Sea Oats Planting

Updated: 04/08/2024

## SCOPE OF WORK

This project, also known as the "St. Augustine Beach Hurricane Irma Recovery Project", is a grant funded dune planting project to replace sea oats lost due to heavy erosion during and post Hurricane Irma. This project is also in coordination with the current beach re-nourishment project.

## CURRENT PROJECT PHASE: Planning

Planting has been rescheduled for Winter 2025 - Spring 2026 upon completion of the planned USACOE beach re-nourishment project and sea turtle nesting season. See Beach Re-Nourishment Project updates [here](#).

## PROJECT FUNDING:

Funding for this project will be by Florida Department of Environmental Protection matching-funds grant in the amount of \$25,000.

## ADDITIONAL INFORMATION:

For additional project information, contact the City’s Engineering Department:

Jason D. Sparks, P.E.	Derek Sands
